

Lee Patrick Timbol

Web Developer

Profile

As an accomplished Front-end Developer, I specialize in writing clean and efficient code to deliver seamless user experiences. With expertise in JavaScript, HTML, and CSS, I focus on designing interfaces that blend visual appeal with user-friendly functionality. Committed to staying updated with industry advancements, I aim to bring my skills and innovative thinking to a dynamic development team. I am driven to lead the development of state-of-the-art online applications and user interfaces that surpass user expectations.

Work Experience

Oct 2022- May 2024
iPhiTech IT and Digital Solutions
Junior IT Engineer

This job involves creating user interfaces that are both visually pleasing and responsive, using HTML, CSS, and JavaScript based on UI/UX designs. Collaboration with various teams is essential to implement front-end solutions that improve user experience. Prioritizing performance optimizations ensures fast and scalable web applications. Swift troubleshooting and debugging are necessary for timely issue resolution. Documenting code and conducting thorough code reviews help maintain high standards, quality, and performance.

Jul 2022 - Sep 2022
Freelance
Web Developer

Developed a client-specific website from scratch, tailored to meet the precise requirements and desires of the client.

Jan 2022 - Apr 2022
Toro Cloud
